*“Lindenwold Public Schools is proud of the many accomplishments of our students. Whether they are involved in academics or social activities, our students make us proud. We often film and take pictures at these events. These photos and videos are used for the district Channel 192, our district website and other publications. If you **do not** wish to have your child’s likeness included in these publications, you **must** contact us in writing by completing the media release policy form located in the forms to return packet.*

*Our school also offers a wide variety of academic opportunities which include the use of the internet. Many of our classes plan activities utilizing the internet. Teachers vigilantly watch the students as they use the internet and a firewall is set up to block inappropriate sites. If you **do not** wish to have your child take advantage of this opportunity, you must fill out the internet use policy form located in the forms to return packet. “*
