

Lindenwold Early Childhood Building Construction Begins Fall 2023

We are very excited to begin the construction of our new building that will house our Preschool, Kindergarten and First Grade Students. We anticipate the building will open in September 2025. During construction, there will be changes that will impact your arrival & dismissal at both School 4 and the High School for the 2023-2024 school year. We know this will be a transition for many families; therefore, we are providing this information now so you can reach out to ask questions in advance.

KEY POINTS

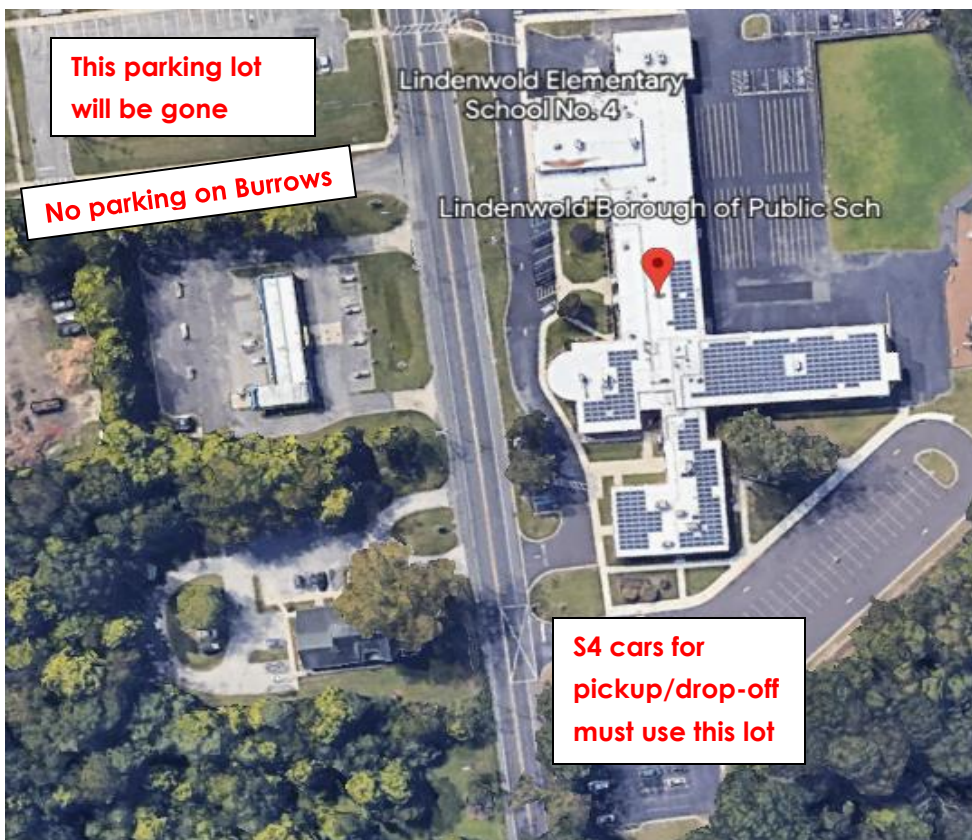

The building will be constructed at the current high school athletic fields

The current driveway between these fields will be eliminated. You will no longer be able to exit from the high school parking lot to Burrows Lane.

All traffic for pickup/dropoff at School 4 must use the parking loop to the right of School 4 – the parking lot next to the tennis court will be eliminated.

There will be no parking allowed on Burrows Lane.
